& TOLD
BY THE EDITOR

These doctors now have me on big red pills, little red pills and small red pills and small red capsules, from one to 3 each, 3 or 4 times a day. I think I am going to quit all of them and go back to Dr. Aven's prescription, 'more fishing', and, if I die, I won't be constipated when I die.

QUITTING THINGS: Since coffee has gone to a dime a cup, Mabel and I are going to quit coffee, except in bed before breakfast. That's a habit of ours just too old to break.

Little Prich Horton now has the Standard Oil Station in the V between 51 and Fairfield and old Prich's friends and little Prich's friends could do no better than giving Prich some business.

Sadie Thompson may have been, as the hero in the movie said, a Honolulu whore, but she was an awful pretty whore and being pretty makes up for many moral (and other faults) in a woman.

As soon as Cornie Perry gets this Hoggood business in the book, I am going to read it and put the matter, officially, in the paper. Cornie and I are getting on OK now. Both of us have agreed that Perrys and Whitakers had been in this country too long to fall out about minor matters.

After reading the piece about Roy Bickerstaff et al, read the editorial about the fellow who was told so long he got too sorry and weak to walk. Roy and his crowd got away from the many Roosevelt schemes, moved away and began walking.

Speaking of Roy Bickerstaff, Hebron Statham, the colored man who worked for W. E. Jackson so long, said he and Roy walked up Wall St. in New York in 1916 together and shook hands with President Hoover. Both were in World War I.

Nothing I have said herein about Roy was meant to imply Roy was lazy. He could and did work. But he looked like everything was 'agin' him when he lived here.

Somebody said that Fulton McRee's party put Craig Mullin in the hospital. Some of these days, I hope, I am going to find out whether there is an 'e' or an 't' in his name.

The Beat 5 hogs Jeff Staten got from Whyte Jr. are OK. Elizabeth, last week, was talking about Jeff's hogs that died. She did not even know Jeff then had any of those fine Beat 5 hogs. She had better watch Jeff closer than that. He is a big, handsome fellow, you know.

Few of us folks in Mississippi are world-minded and don't know very much of world affairs. Many of us would applaud Jim Eastland if he got up in the U. S. Senate and told his colleagues we are tired of wet nursing France and other nations, tell Molotov to go to hell, tell old man Rhee to look after his own country, and other leaders to do the same; that he was damned tired of running an international WPA with American money; that, if necessary, we won't bring our men home and dare others to come, get us. Due to the complexities of modern life, that might not be smart, but it would sound good to us peckerwoods who live in the sticks.

Few folks in Mississippi can even spell the capital of Indochina, much less pronounce it but, mark my word, Eisenhower may soon have American troops there trying to pull France's chestnuts out of the fire. There is no telling what these gredpublicans are going to get us into. Whatthehell business have we in Indochina can anyone tell me? A fairly intelligent Mississippian, asked about Indochina, thought it was 'down about Peru somewhere.' Yet that very man's son may be killed in Indochina before Christmas.

William Winter just wrote that he and Billy Simmons were working on some idea to mark a stretch of highway to honor the late Col. Bill Hoffman. Good work.

That's the way folks do, want ME to get the cussing. Anyway she says

Mrs. Laura G. Honeycutt Died Here Monday

At eight o'clock on Monday morning, Feb. 15, 1954, death claimed Mrs. Laura Graham Honeycutt, 98 years old resident of Grenada at the home of her son, Mr. H. L. Honeycutt on College Boulevard.

Mrs. Honeycutt was born July 19, 1855 at Lauderdale Springs, Miss. She has been an invalid since last June when she sustained a heart attack. She was the widow of Mr. Richard Honeycutt who died in 1880.

Affectionately known as Granny to her family and many friends, she will be greatly missed by them. Mrs. Honeycutt resided here for 25 years with her children, Mr. and Mrs. H. L. Honeycutt.

Survivors include two sons, Mr. H. L. Honeycutt of Grenada and Hamilton Honeycutt of Meehan Junction, Miss., ten grand children, Mrs. Jimmie Todd, Mrs. Pat Mullin, Roy Honeycutt, Louie Honeycutt of Grenada, Mrs. J. E. Shaw of Starkville, Mrs. Robert Norris of Glasgow, Ky., A. T. Honeycutt of Meadesville, Pa., Douglas and Clesley Honeycutt of Charleston, S. C. and Richard Copeland of Phoenix, Ariz.; 20 great grandchildren and 3 great great grandchildren, Col. Choppy Andrews of Dayton, Ohio, a step grandson.

Services were conducted at 3:15 p. m. on Wednesday from the Honeycutt residence, with the Methodist minister, Rev. Felix Sutphin officiating. Interment was in Woodlawn Memorial Park under the direction of Garner Brothers Funeral Home.

All of her grandchildren from out of town attended the rites.

J. A. Simmons, World War I Veteran Dies Here

Joe A. Simmons, 60, passed away at the home of his daughter, Mrs. Christine England on Monday morning of a heart attack. He was a disabled veteran of World War I. He was a native of Sabogla and spent most of his life there.

Services were conducted at 3 o'clock Tuesday at Bethel Baptist Church at Slate Springs of which he was a member. Holland Funeral Home was in charge of arrangements.

At the grave side, military honors were conducted with the National Guard of Calhoun City in charge. Rev. J. B. Middleton of Bruce was the pastor in charge of services.

He is survived by his widow, Mrs. Donnie Pew Simmons three daughters, Mrs. England and Mrs. Guy Hendricks of Futherville and Mrs. E. B. Reeves of Duck Hill; three sons Mack Simmons of Sweetwater, Russell Simmons of Dyess, Ark., and Melvin Earl Simmons of Futherville; a sister Mrs. Lawrence Roland of Pontotoc; four brothers, J. F. of Greenwood, Lew of Dublin, George W. of Calhoun City, and J. K. of Sabogla and 16 grandchildren.

Gore Springs Gets Telephones 45 Subscribers There

Telephone service for the farm families of the Gore Springs Community became a reality this week when the recently built telephone line in that section was placed in service. By means of the line, 47 farm families now have service furnished by the Southern Bell Telephone Company, which erected the line. The line is connected with Southern Bell's activities to improve and expand farm telephone service on an extensive basis.

Hugh Stanfill, Group Manager for Southern Bell, revealed today that the line cost approximately \$25,000 excluding the cable and other equipment back in town that is associated with the proper functioning of the new line.

Mr. Stanfill said that Southern Bell is continuing its program to take the convenience of the telephone to farm area after farm area. Extension of service to these customers in Gore Springs and others all the way to the Grenada-Calhoun County line, brings the total to 46 rural telephones connected to the Grenada Exchange.

Mr. and Mrs. T. H. Meek left Sunday for Dutton Beach Fla. to bask in the sunshine there for a while.

that speeding is rife and reckless on Line extended, right across from where the City Manager lives.

THE ROY BICKERSTAFF FAMILY—

Left to right, back row: Miss Donna Jean, at home on Peabody Avenue; Ray Clifton, welder for IHC; Roy Jr., welder in Burbanks, Calif.; S Is Frank H., aboard USS New Jersey; to right, on side, Mrs. Doris Virginia Johnson. West Memphis, Ark. Left to right, bottom row: John Arnold, Junior Engineer on the river; Roy Sr., runs saw mill on Wells Station Road, Memphis; Mrs. Roy Bickerstaff, ten years with Firestone in Memphis; Mrs. Blanch Huffman, boat department, Firestone, Memphis, is the one whose picture Roy is holding. Mrs. Huffman was then in the hospital; S Is Edwin Lewis, on USS New Jersey with brother Frank.

What's Oil Worth?

(Thru A Woman's Eye)

It's possible you did not read the Oil and Gas Industry advertisement that appeared in last week's GW, and in other papers throughout the state, but if you missed it, we will discuss it for you here.

The ad, stated: 'Before oil or gas field development can bring a profit to the driller, royalties to the landowners and tax revenue to the State and local governments, somebody must find this field. Somebody must risk thousands of dollars on a wildcat well, knowing that the odds against that well resulting in a new discovery are 2 to 1 in Mississippi. More than twice the 8 to 1 odds that are the national average.'

The companies and independent operators who are Mississippi's Oil and Gas Industry, are risking great sums of private capital to find and develop new fields, to make usable and valuable something which was of NO practical worth before discovery. In performing this vital function, THEY NEED AND DESERVE the encouragement and support of every Mississippian.

Keep this advice in mind as North Mississippi develops because of exploratory drilling by these patient resourceful men who are trying to bring you a profit from a development you are unable to do for yourself.

We have an experienced oil driller operating a fine outfit in Grenada County now who needs everyone's support and encouragement.

DISTINGUISHED VISITOR AT GRENADA LIBRARY

Miss Elizabeth Jones, Grenada County librarian and her two co-workers, Miss Faye Griffith and Mrs. Roberta Purkley, had as their guests on Wednesday Mr. Garcia, librarian of Bahia Blanca, Argentine, South America, who is in this country studying rural libraries. He will visit libraries in Georgia and Mississippi. His tour in Mississippi is conducted by Mrs. Laura Currier of Jackson and arranged for by the Library Commission of Mississippi through the state department.

A little daughter, Laura Lell, for Mr. and Mrs. L. E. Stevenson at the Baptist Hospital in Memphis on Friday, Feb. 12. The baby weighed 15 pounds 15 ozs. Mrs. Stevenson is the former Miss Dorothy Whitaker, old-time daughter of Editor and Mrs. W. W. Whitaker of Grenada.

I hope Tommie Darass and Mrs. Bloodworth don't think we are unforgotten or anything like that because we strayed off and ate with the Timmons' at the Barwin. We got a darn good meal and a whole POT of coffee to boot.

GRENADA BANK TO COMPLETELY REMODEL BUILDING

Announcement was made this week by Mr. H. B. Benthall, President of Grenada Bank, of the plans of the Board of Directors to remodel the building and install new fixtures, construct new vaults, and modernize the bank throughout.

Plans are being prepared by L. I. Brasfield, Architect of Meridian, Mississippi, and call for the exterior of the first floor of the building to be faced with marble and the balance of the building cleaned and wood-work painted. The interior of the building will be rearranged to take in about half of Trusty's store, having the entrance to the second floor further to the rear of the building. The present second floor entrance and part of the Trusty store will be taken into the Bank, to be used as bookkeeping and vault space. Two new reinforced concrete vaults will be built, one for safety deposit boxes and money, which will have a new 34" steel time locked modern vault door, and the other for books and records. Two new conference rooms adjacent to the officers' space will be provided.

The latest type banking fixtures will be installed, giving space for six tellers, two note tellers, four officers and two secretaries. Three women's restrooms will be provided for the convenience of safety deposit box customers. The woodwork in the banking

room will be of mahogany, metal work of aluminum, lobby floor will be finished in granite or terrazzo, officers' space and conference rooms will have carpeted floors, and vault space will be finished in tile. All ceilings will be acoustically treated to cut down noise. Cove indirect and fluorescent lighting will be used to provide an abundance of light in the work areas. New windows will be installed in the banking room, with aluminum sash and glazed with tinted heat and glare absorbing glass.

The second floor of the building will be reworked throughout, adding five new offices, reducing the size of the Directors' Room, and new rest rooms provided. The new Directors Room will have walls paneled with mahogany, acoustical ceiling, and carpeted floor. All electrical wiring will be reworked or put in new. The heating plant will be overhauled, and the entire building will be air conditioned.

When completed the Grenada Bank will be housed in one of the most up to date and beautiful banking houses in the South, and will be equipped to give its customers the very best in banking service, including promptness of the latest type safety deposit boxes, and a night depository for the convenience of making deposits after banking hours.

Polio Executive Group Met Monday Night

On Monday night, February 15, the Grenada County Chapter of the National Infantile Paralysis Foundation met for an annual business session at a supper served at the Monte Cristo at 7:30.

The meeting was called by Mr. George Perry, Grenada County chairman.

Following supper, Mrs. Bill Fedric 1953 fund drive chairman made her report.

Total collections, \$6,344.10. Business section, \$2,614.51; Mothers March, \$1,094.15; Grenada County \$766.87; Schools, \$371.51; Colored Citizens, \$993.81; Special (shoe shines \$139.68; VFW Dance, \$182.48; Betty Crocker sale, 40.15; Picture Show, \$55.25; Coin containers, \$276.33.

John Grey, superintendent of education, who serves as the chapter's treasurer stated that in 1953 Grenada County was blessed in that we had no polio cases here, therefore money designated for Grenada County was spent paying for medical care, braces and special built shoes for no polio victims classed as old cases. Of 16 of these cases \$3,640.07 was spent. Grenada County paid its own share.

In 1940 and 1952, but in 1951-52, we had 11 cases, and any balance accumulated was used on these patients.

Mississippi, as a state, has never met its quota, but the National Foundation has never hesitated to send in the needed funds for victims.

Research, banking of necessary supplies and current expenses are still being met by the donations over the nation as a whole. In many counties the quota in 1953 was not met, however Grenada's Chapter is to be congratulated upon securing as much of its quota as it did.

Mr. Charles Perry who has given of his time and talent to this organization for many years served as this year's nominating chairman. He announced the following as 1954 fund-raising chairman:

Womans Committee chairman, Mrs. Rodney Deffenbacher; Publicity chairman, Mrs. W. W. Whitaker; School chairman, Mrs. George Perry.

Present at this meeting were Messrs. James Henry Benthall, George Garner, Bill Manscoe, Phil Fedric and Whyte Whitaker; Messrs. George Perry, Charles Perry, Thomas Bell and John Grey.

A. C. Denley, 76, Dies February 11th

Alonzo Clifton Denley, 76, of Futherville died at his home Thursday night, February 11, 1954 at 11 p. m. and services were held at 2 p. m. Saturday with two Baptist ministers, Rev. J. O. Grantham and Rev. Buford Usher officiating. Burial was held in the Pine Grove Church cemetery after services in the Pine Grove Church, with Garner Brothers in charge of arrangements.

Mr. Denley was a native of Yalobusha County and had resided at Futherville for 3 years.

He is survived by his wife, Mrs. Virginia Denley Denley, seven daughters, Mrs. Vera Koonce of Coffeeville, Mrs. Sadie Holstein and Mrs. Modie Davis of Philon, Mrs. Vada Hill of Booneville, Mrs. Ivy Koonce of Grenada, Mrs. Poyce H. Wick of Corinth, and Mrs. Margaret Morris of Grenada and one son, William Denley of Bruce; a sister, Mrs. Sarah Denley of Coffeeville; 20 grandchildren and 18 great grandchildren.

Grandsons acted as pallbearers.

Mrs. Mary Effie Epperson Dies Suddenly

Death came quietly to Mrs. Mary Effie Epperson, 71, who died early Saturday morning, February 13 at her home which is located between 1st and 2nd Streets on Mound St. Her family found her dead in the early morning hours.

Funeral services were conducted at 2:30 p. m. Sunday at Garner Bros. Funeral Home with interment in Woodlawn Memorial Park. Rev. E. R. Henderson and Rev. Harry Keller officiated. The deceased was a member of the Central Baptist Church.

She is survived by her husband, George Epperson; three daughters and two sons, all by her previous marriage to the late Mr. Jim Spruill. They are: Mrs. Oakley McClelland of Starkville; Mrs. Wallace Sims of Memphis and Mrs. Claude Collins of Grenada; two sons, Bill Spruill of Grenada and Clayton Spruill of Isola; four sisters, Mrs. F. C. McCaskey and Miss Laura Mitchell of Grenada; Mrs. Thomas Horton of Elliott, Mrs. G. F. Burns of Oklahoma City; one brother, R. E. Mitchell of Big Creek; 12 grand children and 6 great grandchildren.

Jones Is Aviation Cadet

Lowrey Gale Jones, son of Mr. and Mrs. J. G. Jones of Grenada has been enlisted in the Air Force as an Aviation Cadet. He will enter Pilot Training at Lackland AFB, Texas.

He was enrolled at Ole Miss the past semester. He is a graduate of Grenada High School.

Dramatic Play Staged

On Monday the WSCS of the Methodist Church met in the Youth Chapel where the play 'The Realist' was given. It was the dramatization of the life and works of Jeremiah, the prophet. It was presented in four episodes.

1st. The Call of Jeremiah, 2nd. His Denunciation, 3rd. The Crucible, 4th. The Triumph. Characters were as follows: Narrator, Mrs. Dave Powell; Jeremiah, John McEachin, Jr.; Jeremiah's mother, Mrs. Roger Burt; Jeremiah's sister, Mrs. Bob Ellard; Baruch, Rev.

Sunday afternoon as we passed over the old Holcomb bridge, perhaps for the last time, workmen digging out the new channel which will isolate the old bridge had just about got the channel down to the river's present level. It will not be long now before the old steel bridge which has served so long and so faithfully, will be across a lake in which many of us will fish.

Felix Sutphin: Voice of God, Rev. John Humphreys: Soloist, Rev. Sutphin: Pianist, Mrs. W. A. McCool.

NOTICE TO CONTRACTORS

Sealed bids will be received and are hereby invited by the Board of Mayor and Councilmen of the City of Grenada, Mississippi, at its regular meeting place in the City Hall in said City, up to 7:30 o'clock, P. M., March 8, 1954, for paving, curbing and guttering and storm sewer in accordance with the plans and specifications therefor now on file in said Office of the City Recorder, which said plans and specifications specify the general character of the work and materials to be used; and that the location and terminal points of the streets in which said improvements are to be made shall be as follows:

Project No. 1: Pecan Street, from the East line of Willow Street to the West line of Hoffa Street.

Project No. 2: Lamar Street, from the East line of U. S. Highway No. 51, to the West line of Fair Ground Road.

Project No. 3: Thomas Street, from the East line of U. S. Highway No. 51, to the West line of Fair Ground Road.

Project No. 4: Fair Ground Road, from the South line of Mississippi State Highway No. 8, to Creek Bridge.

Project No. 5: Fair Ground Road, from the North line of Mississippi State Highway No. 8, to the South line of Pecan Street.

Project No. 6: Fair Ground Road, from the North line of Pecan Street to the South line of Govan Street.

Project No. 7: Govan Street, from the East line of Mound Street to the West line of Railroad right-of-way.

Project No. 8: Berry Street, from the North line of Govan Street to the North line of Walthall Street.

Project No. 9: Walthall Street, from the East line of Mound Street East to the West line of Berry Street.

Project No. 10: Pine Street, from the North line of Mississippi State Highway No. 8, to the South line of Govan Street.

Project No. 11: Marshall Street, from the North line of Mississippi State Highway No. 8, to the South line of Pecan Street.

Project No. 12: Oak Street, from the North line of Mississippi State Highway No. 8, to the South line of Pecan Street.

Project No. 13: Poplar Street, from the North line of Mississippi State Highway No. 8, to the South line of Pecan Street.

Project No. 14: North Church Street, from the North line of Spruce Street to the South line of Front Street.

Project No. 15: Gerard Street, from the East line of Plum Street to the West line of Poplar Street.

Project No. 16: Fox Street, from the North line of Govan Street North to dead end.

Project No. 17: Brooks Street, from the dead end at the East right-of-way line of the Illinois Central Railroad right-of-way East to the West line of Fox Street.

Each bidder shall furnish, and each bid must be accompanied with a bond or certified check as provided by existing law in such instances.

The City will furnish its own inspection of the work during the progress thereof, and its own testing of the materials used, the only thing the bidder will be required to do in this connection is furnish the said inspectors of the City with samples from time to time as demand therefor is made.

The Board reserves the right to reject all bids and the right to abandon any part of the proposed street improvements as it may determine, and all bids submitted shall be subject to this condition.

The City reserves the right, after the receipt of bids as herein provided, to withhold the actual letting of the contract to the successful bidder, for a period of 30 days.

Witness the signature of the Mayor and attestation by the City Recorder, this 18th day of February, 1954.

Dr. R. A. Clanton, Mayor.

Attest: Clara B. Criss, City Recorder
2-11, 18, 25, 3-4 700W

THE STATE OF MISSISSIPPI

To: Mrs. Willie Cole Berryman, PR Nurse Hanford, Fin Castle, Virginia.

You are summoned to appear before the Chancery Court of the County of Grenada, State of Mississippi, on the third Monday of April 1954 to defend suit no. 9176 in said court of Jack W. Berryman, wherein you are defendant.

This 1 day of February, 1954.

Byron Hunter, Chancery Clerk.

Additional Cotton Acreage For Mississippi

Recently enacted legislation (P. L. 200) increasing the national upland cotton acreage allotment for 1964 by 3,468,910 acres raises Mississippi's allotment from 1,756,641 to about 2,079,000 acres, according to C. L. Neill.

The work of dividing the increase in the 1964 cotton allotment among cotton farms eligible to participate in the State increase is proceeding rapidly through the county ASC offices (formerly PMA). Notification to farm operators of individual revised far cotton allotments should be in the mail about March 1, C. L. Neill advises.

The procedure as selected by the State ASC Committee for dividing the State acreage allotment increase is briefly as follows:

The State acreage allotment increase will first be used to the extent acreage is needed to provide each farm on which cotton was planted in 1951, 1952, or 1953 with an allotment equal to the larger of 65 percent of the average acreage planted to cotton on the farm in 1951, 1952, and 1953, or 40 percent of the highest acreage planted to cotton in any of such three years, but the increased allotment cannot exceed 40 percent of the cropland on the farm.

Since the additional acreage allotment to the State is in excess of the 65-40-40 requirements for all eligible farms in the initial apportionment, the unallotted acreage will first be used by the State Committee to increase small farm allotments. The unallotted acreage remaining in the State which is not used for the original 65-40-40 increases or for small farm minimum increases is apportioned to all counties on the basis of their average acreage planted to cotton in the county in the years 1947, 1948, 1950, 1951, and 1952, as compared to other counties in the State. The acreage so allotted to a county will then be apportioned to farms on

the basis of one or more of the factors of past acreage of cotton on the farm, adjusted cropland percentage factor, or the same factors used in distributing the original county acreage reserve.

Mr. Neill advises that local county ASC committees will make the necessary calculations for eligible farms as soon as possible and will mail notices of revised allotments to farm operators. Therefore, it will not be necessary for a farm operator to make application for an increase in his farm allotment under the new legislation.

Opening At Health Department

The Mississippi State Board of Health announces a vacancy in the Grenada-Yalobusha County Health Departments in the classification of Rabies Control Officer.

The applicant must be twenty-one years of age or over and have a minimum of two years of High School and good physical health. The monthly salary range for this position is \$175.00 to \$225.00 per month with travel allowance of six cents per mile. A light car or pick-up truck is essential. Regular salary advances for meritorious service are provided for employee in this position as well as annual vacation and sick leave. The applicant is benefitted with State Employment Retirement and Social Security. Deductions for these benefits are made from monthly salary.

Interested applicants may secure application blanks at the Grenada County Health Department. Applications for this position must be returned to the Grenada County Health Department not later than Saturday morning, February 27, 1954.

All applicants will be interviewed

by representatives of the State Board of Health. Each applicant will be notified, after his application is received, when and where to report for this interview.

We cannot but speak the things which we have seen and heard. Acts 4:19

Judging from reading comments here and there about our legislature, one might surmise that the matter of statehood for Hawaii was before the Mississippi Legislature instead of being before Congress. As for myself, I don't think Hawaii or Alaska either should be 'taken into' the Union as states. Our nation is spread thin enough as it is.

The GCW had a mighty handsome visitor Saturday. R. C. Purdie brought in his little buddy, Buddy Avent, III.

Our neighborhood is fixxed for cats. Our fine cat, Buckingham sickened and died. A substitute from Oxberry, one Whyte Jr brought to town, sickened and died. Buckingham Jr., given us by Sid Perry's son, is sickening and, maybe dead by now. All had the same symptoms.

I have not checked up with Miss Lida yet but W. E. Boushe said that the tale about Col. Bledsoe feeding Shellmound to Oscar and never getting it back was T.O.D. often but NEVER true. Haven't seen J. B. Perry or William Wright yet. In advance I will guarantee that they, like I, HEARD the tale.

You know, Carolyn DeCell gets off some good stuff in her column, Trimmed In Lace, in The Deer Creek Pilot.

It aint gonna be long now before you behindtime subscribers are going to get a blank.

Kicking about a dollar a pound for coffee! An item in the Commercial Appeal's 75-years-ago column related that coffee was then selling for \$190 a pound.

Tom and Mary Meek have headed off for Florida. Aint it grand.

Bird Hunters Willard Odom and Donald Sharp got into high cotton Sunday when they went to the national field trials near Hernando, and rode around with the big shots.

Who remembers when goods were shipped in cases made of choice white pine, providing an endless source of raw material for the whittlers? Such cases now come in paper cartons.

I learn something every now and then. For example, I always had an idea that 'Miss' Fanny and her husband got their adopted son, Francis, from way off somewhere and I never did know where until recently. Maybe everyone else knew Francis was Miss Peffin's nephew and a son of her brother, Epp Baker of Duck Hill, but I didn't I'll say this: if Miss Fanny had lived to see what handsome, versatile kids her grandchildren are, she would be proud indeed.

Big Telephone Year for Mississippi

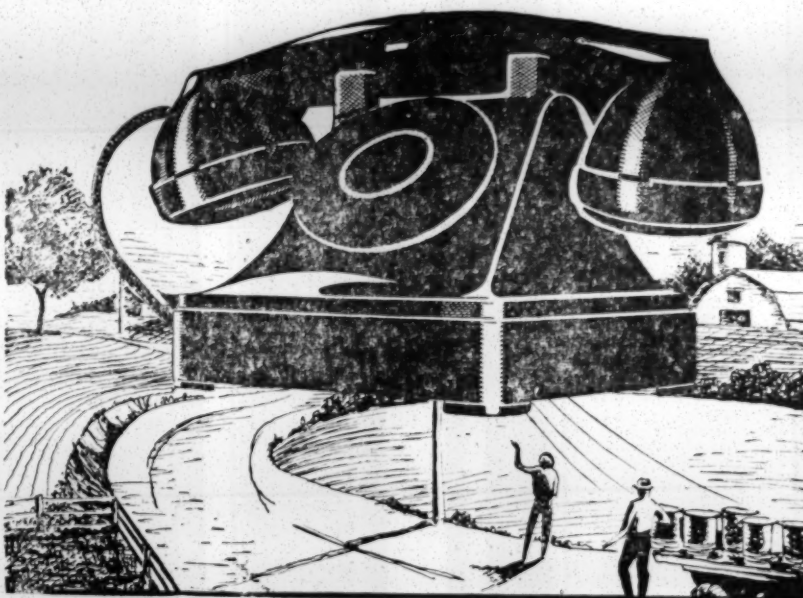

Since the first Mississippi telephone exchange opened at Vicksburg on January 10, 1881, we've kept pace with the growth and expansion of Mississippi.

During 1953, we spent over 11 million dollars in the State to improve service and to place an additional 12,000 telephones at the service of Mississippians.

Throughout the State, today, our people are at work — providing for Mississippi's present telephone needs and planning for the years to come; while researchers in our laboratories are working to find ways of providing even better service for telephone users everywhere.

FRANCES FORTENBERRY
Home Economics
Director, Miss Power
& Light Co.

HINTS TO HELP

1. Separate eggs when cold. It's simpler to do and there is less chance of breaking the yolks.
2. Eggs kept at room temperature will beat up more voluminously than cold ones.
3. Douse those eggs with cold water prior to boiling to help prevent cracking.
4. Separating secret. Crack off the small end of an egg about half an inch deep, then shake out the white. The yolk will stay inside and can be stored there, wrapped in waxed paper and put back into the refrigerator.
5. Add a few drops of meat sauce to scrambled eggs for a fine flavor surprise.
6. You can tell a raw egg from a hard-cooked egg, if they happen to get mixed up, by spinning them. Only the 'cooked' eggs will spin.
7. Keep steel wool from rusting by keeping it immersed in a cup of soapy water.
8. The oven of your range makes an ideal place for the rising of bread or rolls. Place the bowl of dough in the cold oven, turn the oven switch to bake for exactly one minute, then turn it off leaving the door closed. This maintains an approximate temperature of 85°, the ideal temperature for rising of yeast dough.
9. A must to try to avoid a mess when icing a cake. Cut four strips of waxed paper about 3 inches wide and about 10 inches long. Place these strips in a hollow square arrangement along the edges of the serving plate. Set the cake to be iced on these strips with the edge of the paper barely under the cake. Ice, then when icing has set remove strips of paper.
10. For rich and delicious mashed potatoes, add sour cream along with regular seasoning; then whip vigorously.
11. Freeze canned fruit right in its can. At serving time, open both ends of can and push out frozen roll. Slice; Top each slice with whipped cream, sprinkle with coconut.
12. Perk up prune whip by placing it in tall parfait glasses, in alternate layers with thinly sliced bananas. Top with finely chopped nuts, and chill thoroughly.
13. Use a brush to wash root vegetables. Scrub them thoroughly to make sure you remove all soil. Peel them as thin as possible.
14. Wash pods thoroughly, before shelling lima beans or peas. You'll run less risk of contamination with bacteria-carrying oil. Don't shell more than you can process at one time.
15. Quick way to remove corn husks. Place ear on cutting board. Slice off about 1/2 inch of stem end and about 1/2 inch of tassel end. Husk and silk will then strip off easily and quickly.
16. How to cut corn from cob easily. Drive nail through small board. Place board on waxed paper or in bottom of bowl. Stick stem end of cob on protruding point of nail. Hold knife at 45 degree angle and cut straight down the cob. It's quick and easy.

In Re Nurses

Every time I come back from the veterans' hospital, some of my low-minded friends are sure to say, 'Oh, you have been down to see those pretty nurses' as if hospitalization was some sort of romantic adventure.

In the first place, patients are either sick or supposed to be sick when they enter any hospital and romance is far or should be from their minds.

In the next place, the nurses as a rule, are not Rita Hayworths or Marilyn Monroes, but hard-working, efficient professional girls who don't have any time for romancing while on duty, even if they were inclined to practice romancing.

These girls have professional jobs to do, and do them well.

One nurse usually has about 20 patients to look after. The nurse is on duty a straight hours and is always there to report for duty ON TIME to relieve the nurse going off duty. I don't think I ever saw one yawning or loafing, or looking at romantic magazines or funny papers. She just don't have time for such things. While on duty, she is a busy woman. Each patient has a chart on which are instructions to the nurse from the doctor. These instructions about doses, shots, etc., not only should be carried out 'on time', but ARE carried out on time. I would guess that the nurse during one 8-hour shift walks at least ten or 15 miles up and down corridors, from bed to bed. Most of her walking and care for patients are merely routine duty, but the nurse is also no duty in whatever emergency that arises, and until the doctor is summoned and arrives it is up to her to use her own professional judgment to 'do something' and she is capable of doing the most things. She is a professional person in her line, as the doctor is in HIS line.

Many nurses ARE pretty, but that's no qualification for their job. Their jobs are looking after sick folks, some of them awful cross and cranky, but all sick I have yet to see any nurse repay crankiness with crankiness, or crossness with crossness. Mostly, or that's my experience with them, they are extremely kind, patient and courteous, as they should be with sick folks.

In veterans' hospitals there are no student nurses or learners. All are registered or graduate nurses. Maybe the government's pre-empting so many graduate nurses is the reason other hospitals find them in short supply.

How To Build A Bridge

Roy Bickerstaff, who was building superintendent on the bridge built north of Holcomb to connect Beats 4 and 5, did not require the usual plans, usual engineering expense, usual legal notices asking for bids, of which there was none.

Here is the story. Getting from Beat 4 to Beat 5 now requires about 20 miles detour, and still does since the Scrap Drive got the bridge during World War II. B. W. Smith was supervisor of Beat 4, I was supervisor of Beat 5. Kemp Mattingly was supervisor of Beat 1. We three constituted a majority of the board. Kemp Mattingly told Smith and me that, whatever Smith and I agreed on, he (Kemp) would be with us, and on that word-of-mouth agreement the bridge was built with Roy Bickerstaff, an old time Mattingly man, in actual charge of buying, assembling and hauling.

Since Smith hardly ever got to the bridge site and I was much closer to it, it was my lot to be the boss, with Roy under me.

At one stage of construction, it looked to me that things were 'dragging' mighty badly. I had a fellow named Jim Wiggins who was working regularly for Beat 5, getting \$2.00 a day - big wages back in the early 30s. I told Jim, 'get that county pick-up, go to the bridge site and stay there from 7 to 6, never say anything, but take your dinner along and just sit there all day every day.' Jim did exactly what I told him to do for about two or three weeks, but bridge building picked up fast. It picked up so fast that just a few days later I was the FIRST (and probably ONLY) man to drive over the bridge.

We built the bridge and it was not my fault folks did not use it. It stay-

ed there, erect and strong for about 12 years, until the scrap drive during the war.

To show how forgetful folks are, it was not long until I was running for supervisor again. Beat Five folks dragged up about me 'wasting' so much money on the Holcomb bridge. I looked into the county records and there was then on file a long petition, signed by MOST of the hell-raisers ASKING for the bridge. But that's the way folks are, 'ask for things, then raise hell about getting them.'

God knows what Holcomb bridge cost Grenada County. I don't. Roy don't. Kemp don't. B. W. don't.

Anyway, that is a simplified method of building a bridge.

I have seen Harold Rotler's Louise

Of The Same Opinion Still

I STILL think something constructive should be done about the 5 counties in 1 county set-up we have in Grenada County, but I just ain't writing about it every week.

I still think I was eternally right in all I said about the matter, but I just got tired of beating on cold iron.

If the rest of you can't stand it, so can I.

That's about what I announced after about ten years of cussing Roosevelt and his New Deal: if the rest of you can stand it, so can I.

several times here lately, but not Dr. Aven's Louise but I hear she is looking better and younger all the time.

A "Larger Segment"

A large segment of the Legislature opposed the new equalization plan at the special session because they felt no large expenditure should be made on the dual system until the United States Supreme Court decides its fate. On that premise, one house leader feels the current session should vote the usual 50 million dollars for public schools, provide funds for other state functions, and adjourn to wait on the court ruling before embarking on a huge spending program for the dual system ONLY TO HAVE IT BANNED.

—Kenneth Teler's Column.

Phrased in my own words that's exactly what I have been contending for all of these months the issue has been 'up', and I am not quarreling.

with our two representatives from this county who, I am sure, are just as honest in their opinions even if their opinions are contrary to those of the 'large segment' and those of my own.

A dual system, framed on the grandiose plans I have seen, will bankrupt Mississippi. Mississippi can postpone bankruptcy a while merely by 'waiting to see' what the Supreme Court says.

Big Gas Bills

There was a lot of complaints in Grenada this month when the January gas bills were paid. Bills WERE big. It aint up to me to defend the gas company. It can defend itself. But, let's look at the situation honestly.

It just takes a lot of money, whether spent for coal, butane, kerosene or natural gas, to maintain summer time temperatures during the winter time. One is conscious of how much coal he is using when he totes it in scuttle by scuttle.

One is sorter semi-conscious of how much gas he is using when he uses manual-controlled space heaters, but he is totally unconscious about gas consumption when he uses a thermostat-controlled heater, which automatically uses MORE gas whenever temperature changes downward. He sets the thing and goes off on a trip, to Florida or what not. When he gets back he cries about a big gas bill, of course, forgetting that, in the meantime, he has just wasted a lot of gas.

We, too, had a big gas bill, but we try to be honest about it in admitting that we just USED more gas.

He Forgets How To Walk

The Japanese proverb says 'If you carry a man too long, he soon does not have enough strength to walk.' That applies to individuals, groups and nations.

Farmers have about forgotten how to walk, and so have dairymen.

France and Britain have about forgotten how to walk.

Look about you and you are likely to find individuals who have forgotten how to walk.

BRIDE-ELECT COMPLIMENTED BY MESDAMES WHITAKER, MURRAY

Continuing the series of prenuptial events honoring Miss Marianna Bailey was a delightful party Wednesday in the home of Mrs. Eli Whitaker with Mrs. John Ed Murray as co-hostess.

The valentine motif was carried out in the dining room and the quartet table was overlaid with an exquisite linen cutwork cloth, a wedding gift to Mrs. Whitaker 23 years ago. In the center was an heirloom candelabrum tied with red ribbons and encircled with small styro-foam hearts resting on dainty lace doilies. A beautiful floral arrangement of red carnations interspersed with flower-lets of lace paper doilies graced the buffet.

Mrs. W. O. Geeslin presided at the coffee service, and frozen salad, fudge cake, coconut macaroons, and heart-shaped sandwiches were served buffet.

Tables in the living room were centered with white hearts ruffled in red mullin and holding a single red carnation. Tiny red cupid's poised on the rims of the nut cups which marked the places of the guests.

Miss Bailey was charming in a black faille sheath frock embroidered in crystal beads and white sequins. Her corsage, a gift of the hostesses, was of red carnations fashioned in heart design. The hostesses also presented her with silver in her selected pattern.

Sharing the lovely occasion with the honoree were Mesdames J. B. Dubois, Jesse Carroll, Jay Gore, Jr.,

Hugh Lumpkin, E. C. Hayward, Allen Mitchell, W. W. Robinson, John House, Knox Pierce, John McCright, Joe Williams, John Liles, George Williams, Bud Gerard, Morris Hubbard.

As winner of high score, Mrs. Hayward received a set of linen place mats with matching napkins. Consolation prize, a spice rack set, was awarded Mrs. Robinson, and bingo, a heart-shaped box of candy, was won by Mrs. Hubbard. The winners graciously presented their prizes to the honoree. High score winner at each table received the centerpiece from her table.

Miss Bailey was the inspiration for several lovely social events last week when she was the house guest of her fiancé's parents, Mr. and Mrs. Laurence Henry Cohn, Sr., in Baton Rouge, La.

On Monday she was honoree at a cocktail party given by Mr. and Mrs. John Dardenne, whose gift to her was a fork in her silver pattern.

Miss Marie DeBretton Cohn was luncheon hostess at the Azalea Room of the Heidelberg Hotel on Wednesday. She presented Miss Bailey with a silver tablespoon.

Saturday morning, Mr. and Mrs. W. A. Housey, neighbors of the Cohns, graciously entertained with a coffee honoring the bride-elect.

—Contributed.

W. S. C. S. CIRCLES TO MEET

The WSCS Circles of the Methodist Church will meet Monday evening at 3:30 in the following homes: Circle 1, Mrs. J. H. Murray; Circle 2, Mrs. I. A. Dubard, Jr.; Circle 3, Misses Willie and Marguerite Cuff; Circle 4, Mrs. Fred Lickfold; Circle 5, Mrs. Johnny Mitchell in Mrs. Ward Allen's home.

Mrs. Constance Thompson left last Thursday for New Orleans to visit her children, Mr. and Mrs. John Carter and family.

Mrs. Bobby Burkley of West Point, Miss., was the guest of her husband's mother, Mrs. Roberta Burkley the past weekend. She is a gifted vocalist, and on Sunday sang the Offer-

McDOUGAL-HUMPHREYS
Announcement of the marriage of Miss Rebecca Ann Humphreys, the daughter of Mrs. V. M. Humphreys of Grenada and Mr. J. E. Humphreys of Memphis, and Samuel Edward McDougal the son of Mr. and Mrs. J. E. McDougal of Drew, Miss., which was solemnized Feb. 10 at 6 p. m. at the Calvary Baptist Church in Greenwood, with the pastor, Rev. D. A. Morton officiating, is of interest to a large group of relatives and friends of the two families.

For her wedding the bride chose a becoming pale blue wool suit with navy accessories and a lovely white orchid corsage.

Attending the bride were Miss Katherine Boatman and Mrs. James Ball of Greenwood. The groom was attended by Mr. Wilson Hambricks of Greenwood.

The bride is a graduate of Grenada High School class of 1952. She has held responsible office jobs with Fred Griffin Motors, Grenada Dam Engineer office and transferred to the USED office in Greenwood, where she will continue to work.

Mr. McDougal graduated from Drew High School in 1944. Graduated from Miss. College, Clinton in 1952. He is now employed by Universal CIT Credit Corp. in Greenwood.

They will reside at 109 Kimbrough St. in Greenwood.

RED CROSS NEWS

At a meeting of the Grenada Chapter of Red Cross on Tuesday, Mr. Milton Percival resigned as Chapter Chairman and Mr. Bill Hannon accepted the appointment to fill the vacancy.

At this meeting Mr. G. M. Moore was named 1954 Fund Chairman for Red Cross.

Mr. Moore is executive vice president of Grenada Bank, a Rotarian and Methodist.

MORRISON INITIATED

Beta Beta Beta, biological society at Mississippi State College, has been reactivated according to an announcement by Horace M. Gladney, its new president. Among those who were formally initiated in recent ceremonies at the college was Francis S. Morrison of Grenada. To be eligible for membership in the society, a student must be a junior or a senior, have a 2.5 overall average, and have completed a minimum of ten hours in biology.

Service at All Saints Episcopal Church at the eleven o'clock service.

CIVIC LEAGUE HAS VALENTINE PARTY

In keeping with the 'season for lovers', the spacious club room of the Community House was decorated with gay red hearts and cupid's Wednesday afternoon when members of the Civic Improvement League gathered for their annual Valentine party.

Preceding the social hour, a brief business session was held with Mrs. Henry Ray presiding. Party hostesses were Mesdames J. W. Jordan, S. L. Murphy, F. A. Penn, Robert Hall, E. L. Betz, R. A. Clanton, Grover Long, Nan McCormick, H. J. Ray, Sr. and Miss Mignon Therrell.

As each guest entered she was given a small numbered heart which was later used to determine the winner of the door prize.

The hostesses then served chicken salad sandwiches and cookies. Delicious fruit punch was poured by Mrs. Jordan. The table was covered with a lace cloth and decorated with strings of tiny hearts and cupid's. In the center was the crystal punch bowl encircled with lacy fern. Large satin hearts were attractively arranged on the mantel.

Entertainment feature was a contest in which members were asked to make the most possible words using the nine letters Valentine, Mrs. Cecil Penn was the lucky winner and was awarded a box of candy.

The group joined in singing old-time favorites, accompanied by Miss Mignon Therrell, who also presented a group of piano selections during the afternoon.

At the conclusion of festivities, Mrs. J. H. Neely, Sr. was found to have the winning number for the door prize. She received a miniature 18th century carriage flower holder. Around 35 members of the League were present for the occasion.

STATE SPEAKER TO APPEAR HERE
Mrs. Annette Boutwell, health specialist from State College will speak on mental and emotional health at a joint meeting of all Grenada County Home Demonstration Clubs at 2 p. m. on Friday, February 26 in the Agriculture Building in Grenada.

MISS COWAN BECOMES BRIDE OF DR. THACKER IN MEMPHIS

The marriage of Miss Mary Elizabeth Cowan to Dr. Louis Thacker, Jr. of Memphis was beautifully solemnized at the First Baptist Church in Memphis on Saturday, February 6 at 5:30 in the afternoon with the pastor, Rev. R. C. Cordell officiating.

The bridal tableau stood before an altar formed of graceful floor baskets filled with white glads and woodward ferns, against a background of Southern smilax and interspersed with lighted tapers held aloft by branched candelabra.

Miss Sue Vandiver of Grenada and Memphis, was vocalist and the church organist presided at the organ.

The bride, given in marriage by her brother, Mr. S. B. Cowan of Oak Ridge, Tenn., was radiant in a Princess wedding gown of ivory satin with a mantilla veil of chantilly lace. She carried a white prayer book surmounted by white roses and lilies of the valley.

She was attended by Miss Annette Kelly as maid of honor, and Miss Mary Cowan, a niece, and Mrs. Roy Peck as bridesmaids. They were attired in ballerina length gowns of gray tulle and carried arm bouquets of lovely tulle roses.

The groom was attended by Dr. Roy Peck of Birmingham.

For travel the bride wore a chic brown suit of faille, matching accessories and a corsage from her wedding bouquet. They went to Austin, Texas on their wedding trip. They will reside in Memphis. Mr. and Mrs. Brennan Anderson, Jr. of Grenada attended the wedding.

Mr. and Mrs. Talford Worsham have received a message stating their son Airman 1-c Wilfred Worsham sailed from Guam Feb. 8th and is expected to land in U. S. about Feb. 24. Airman Worsham is a member of the 436th Air Police Squadron.

Mr. and Mrs. C. F. Strawberry and family, Thomas Chamberlain and Jennie Trusty attended the final games in the basketball tournament in Oakland Saturday night.

Mr. Scott Wood, father of Mrs. Jack Clanton received treatment in

"SEEN, HEARD AND TOLD BY THE EDITOR"

By the way, we heard Mrs. Briar-er plaintively calling her cat Tuesday night. Lots of cat trouble in that neighborhood. We have lost three darling cats in 3 months.

It looks to me that the Bristers are good folks and are trying to raise their boys right.

Ed. Noddy and wife seem to have a fine family of boys and seem to be trying to raise them right.

Miss Brister's Quaker Banners are reminding the Brister boys old home-town owned in the Brister on South Street. There are lots of good respects here, but none better or more honest than Miss Brister's Quaker Banners.

The old school building, formerly and known as the Park School, is now being used as a school for the children of the Brister family.

If the members of the Brister family are as good as the Brister boys, they are reminding the Brister boys old home-town owned in the Brister on South Street. There are lots of good respects here, but none better or more honest than Miss Brister's Quaker Banners.

Apert that Brister family and the Brister boys are as good as the Brister boys, they are reminding the Brister boys old home-town owned in the Brister on South Street. There are lots of good respects here, but none better or more honest than Miss Brister's Quaker Banners.

Mrs. Annette Boutwell, health specialist from State College will speak on mental and emotional health at a joint meeting of all Grenada County Home Demonstration Clubs at 2 p. m. on Friday, February 26 in the Agriculture Building in Grenada.

Mr. Scott Wood, father of Mrs. Jack Clanton received treatment in

The Best Proof

Lesson for February 21, 1954

HOW do we know Christianity is true? How do we know Jesus was right? How do we know religion is not a very fancy illusion? It is a fair question. When E. Stanley Jones was talking about his Christian faith to a group of professors in a great university, one of them rose to ask him: "How do you know all this is not a hallucination?" "Well," said Dr. Jones, "if religion is a hallucination and I am crazy, then I am thankful; for this 'insanity' has done more for me than all the 'sanity' I had before." Dr. Jones did not suppose that he could answer all the riddles about religion that any one can think of. But he did know Jesus and he knew what Jesus had done for him. G. Studdert-Kennedy was another thorough-going Christian. At the end of a poem on "Faith" he says something like this: "You think Christianity is an argument, but it is not. It is a choice: and I choose Christ."

Dr. Foreman

'One Thing I Know'

The Bible story for this week tells about a young man who did not claim to know much. If you had put him into a modern theological seminary he could not have passed an examination in "Christology" to save his life. In fact, it seems doubtful whether he would even be admitted to membership in some orthodox churches today. The theological experts of his church, the Pharisees, in fact tried to grill him. They tried to confuse him, they wanted him to admit that Jesus was a fake, a liar, all the bad things they kept saying he was. But the young man stuck to one point. He does not seem to have been well educated. It may be doubted whether he could have met those Pharisees in a formal debate. But he stuck to his one point. "One thing I know, that though I was blind, now I see." The best proof that Jesus was right, that Christianity is true, is not arguments from books. It is the argument from people. It is what Christ has done for them, it is the difference between what they were before they met Jesus and what they were afterwards.

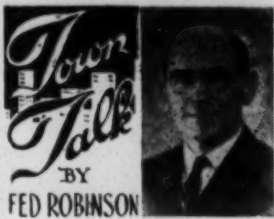

Samples

In an American seminary the same year, studying for the Christian ministry, were a Japanese and an African. Their ancestors did not speak the same language. Only a few years ago the father of the Japanese boy was an officer in the Japanese army fighting the Americans. Neither he nor his wife was a Christian; but after the father's death the boy came to know some Christian missionaries, and now instead of an errand of death his aim is to return to his own people on an errand of life. "I can see now," the young man said, "that Japan was wrong." Christ had opened his eyes to a way of life, and of truth, which has changed his whole life and will change others. As for the African, a few generations back his people were as far from Christian as the Japanese officer. Then some one thought it worth while to tell the story of Jesus in Africa... and now this boy, son of native African Christians, is another demonstration that Christianity is true. You would not have found it safe to sit down with some of his ancestors (nor with some of your own, for that matter); but you would be glad to have him in your Sunday school class.

Prevention Mission

Not all the "samples" of Christianity are as dramatic as cannibals, or sons of former idol-worshippers. For every "rescue mission" there are many "prevention missions"—for the ordinary little church. Just that. Consider what a community would be without the church members would be without their possibilities or their professions. We do not want to tear down the hospitals because they do not cure all the diseases. We do not abolish medicine because some people take it and are not quite cured. We know the world is better for hospitals and medicines, imperfect as they are. So we know that Christianity does work. We do not see great saints every week, more's the pity. But you do not have to look far from your own home to see some living proofs that Christ has power.

(Based on outlines copyrighted by the Division of Christian Education, American Board of Christian Education, Inc., 1953. A Release by Community Press, Nashville.)

FED ROBINSON

King Rehoboam, the son of Solomon asked the old men who had always counseled with his father, what would they advise him to do to repair the injured hearts of the people. The wise old men urged the young king 'If thou be kind to this people, and please them, and speak good words to them, they will be thy servants for ever.' Well, it would seem to us it would have been the easiest way out for the young king - just be kind to the people, speak good words to them, and they would do anything for him. Why, he himself would have enjoyed it and he would have added much happiness to himself had he treated the people with kindness - the source of which is unlimited. But no, King Rehoboam turned down the good advice from the old men and sought the advice of the younger set with whom he had been brought up, and he proudly told the people their burdens and taxes would be greatly increased instead of decreased. This story could have appeared in our day - even yesterday - because human nature hasn't changed but little in a thousand years - but actually this story is recorded in Second Chronicles tenth chapter under date line of 975 B. C.

A kindly letter from a kindly little lady, which we received this week started us thinking about the old story on the subject of kindness. Elizabeth Wilson, wife of Sgt. John Wilson, both of whom are remembered in Grenada most kindly, wrote us from 1517 Fifth Avenue North, Great Falls, Montana. "We met once when you and Mrs. Robinson asked Sgt. Wilson and I to sit with you at

a Shriners banquet in Grenada... Sure I remember seeing these people come in the door - and it just occurred to us it would be kindly to invite them to sit with us as it seemed they were not too well acquainted, and now after some four years or more this lady remembered... and she sat down and wrote a two page letter to express her appreciation for a kindness. Isn't that wonderful? Well, you drop a pebble in the water and little waves began to spread out toward the sea...

Thank you Elizabeth, so glad to hear from you and good old John. I know both of you realize you are far far away from your home town of Drew, Mississippi and also from your many friends in Grenada, Ada and I were not too many miles from your place in December when we traveled by train through Utah and Wyoming going to San Francisco to see our daughter and family. Yes, we know you must miss Mrs. Rundle's teaching of the Sunday School lesson, but the fact you remember her teaching is proof of its fruitfulness. I never see an Army Recruiting man without remembering Sgt. Wilson and the loyalty and the devotion he gave his job in Grenada. I asked him before you left Grenada how it was the army had decided to send you to Great Falls, Montana. I will never forget John's answer. He said 'I was looking over the field and saw Great Falls, Montana, and NOT wanting to go there I told the brass that would be my first choice, and contrary to regular procedure, they said if there is where you want to go then there it will be.' And now you may be transferred to Spokane Washington? Well, in a way we are sorry about that because your trips to Mississippi will be more and more infrequent. We were so glad to receive the newspaper clipping telling about little Jackie Austin appearing in your town with the famous Shep Fields Orchestra. Yes, as you say, we always had faith in Jackie's talent and ability. Wonder why the GCW doesn't give her a write-up as the home town girl who made good. Well, the readers will think this column turned out to be just a letter to you and John, and that's exactly what it is. Your letter made us very happy not only because of the comment on this column which you receive way out there, but because you were so kind-hearted yourself in thanking us for

a simple little courtesy of long ago. Then you finish your letter with 'Do pray you and Mrs. Robinson are in the best of health and you'll continue with your inspiring articles. God bless you both...' and that is the kindest word we have had for along time, and kindest is a wonderful thing even though young King Rehoboam paid a high price to learn it finally.

So, to Elizabeth and John Wilson of Great Falls, Montana, we wish for you a full share of God's love and wherever you go may His abundant blessing and omnipotent kindest follow you forever.

Notice To Owners Of Dogs In Grenada and Two Miles Out: We have had three rabid dogs in

this area since January 1st. A number of dogs and people were bitten by these rabid dogs.

The State Board of Health is ordering a quarantine of all dogs in this area for the next sixty days beginning February 10th, 1954.

This means that ALL dogs must be confined at home.

The progress Mississippi is making in reforestation and forest protection is closely linked with the progress our wood-using industries are making toward new uses, new products and new markets for our forest resources.

Working together, our forest landowners and wood-using industries are making a great contribution to the economic welfare of this state.

Realizing this, more of our citizens are joining to encourage the continued development and protection of our forest resources. These same citizens are using their influence to offer a friendly business climate in which our forest landowners and wood-using industries can continue to work together to provide more jobs and more income for more Mississippians.

MISSISSIPPI'S NUMBER ONE INDUSTRY

INDUSTRIAL DEVELOPMENT IN MISSISSIPPI IS CREATING NEW JOB OPPORTUNITIES

in the field of Medicine

LAB TECHNICIAN

Since 1946, over \$34,000,000 in Federal, state and local funds have been spent in Mississippi for the construction of hospitals and health centers. Many millions more in private funds have been spent for these same purposes. This program has created greater job opportunities for laboratory technicians, hospital attendants and other related occupations.

NURSE

Today, there are over 43% more hospital beds available in Mississippi than in 1946. These additional hospital beds have created a greater need for nurses. Mississippi's new \$9,000,000 medical school and hospital, now under construction, will not only create more job opportunities for nursing but will also provide the necessary training and instruction for this vital phase of medical care.

PHARMACIST

Modern medicine calls for many new-type drugs and preparations that require the services of trained pharmacists. The "corner drugstore" is an important asset to every community and that new job opportunities are being created in this field means better health and comfort for the people of Mississippi.

It's obvious that industrial development greatly benefits the many thousands of Mississippians who are employed in the new plants locating in our state. But just as important to the economy of any community and to our state as a whole are the many job opportunities which are created in fields not directly associated with industry.

New industry — particularly when located in a small community — creates many new opportunities in the

field of medicine... and as a result improved medical care is made available for more of our people.

Helping create new job opportunities through industrial development is a major objective of Mississippi Power & Light Company's fully staffed Industrial Development Department, which works in close cooperation with state and local agencies, groups and citizens in furthering this important phase of Mississippi's economy.

ALL STRAY DOGS TO BE KILLED BY POLICE

Junius Townes To Replace McEachin on School Board

Bids will be received at the next meeting of the City Council at its March meeting for the overall paving project. This project includes all unpaved streets for the paving of which proper petitions have been filed.

The State Health Department is so alarmed over the prevalence of mad dogs in Grenada that it threatened to quarantine Grenada. Facing that alternative, the Council has ordered its police to kill ALL stray dogs, regardless of tags, vaccination or what not. Kill ALL stray dogs (period) is the order. This order became effective Thursday and will continue in force for 60 days, City Manager John McEachin says.

The Council bought a new gas range for its kitchen.

Junius L. Townes was appointed to the Board of Trustees to take the place of John McEachin whose term is about to expire on school board.

—ENLISTMENTS ARE UP—

Sgt. Rainwater announces the following young men names as having enlisted in the service from Grenada County, on Mon. Feb. 1:

Bobby Jean Martin, George E. Van Hoozer, Bays C. Beck, Jr., Dempsey C. Bailey, Frank L. Carter, Cecil Albritton, Adron Franklin; from Calhoun County: Brian D. Morgan, C. A. Johnson, Henry Nabors, Rodney E. Allen, Eddie W. Hitt, Jr., and one army reenlistment, Loryst Brown.

Another group will form in near future; if interested in enlisting see Sgt. Rainwater at Grenada Post Office building.

Mr. and Mrs. Tom Williams entertained with a chitling supper in their home Saturday night. Present were Mr. and Mrs. Clifford McMahan, Mr. and Mrs. Billy McMahan and son, Grenada; Mr. and Mrs. Paxton Haile and son, Mr. and Mrs. P. R. McMahan, Gore Springs.

The reporter will be glad to accept news items each week day after four o'clock by telephone number 1424-M4.

I've still got it on what they call my agenda - that of writing up Kirk as a big 'industry' in this county.

They always told me there are two bad paymasters - the one who pays in advance and the one who never pays.

In the mail from Jackson were two things, a renewal check and a change of address for W. T. Costlow, Jr.

What Holcomb folks remember when Bates Curry was courting Miss Irma he took her out for a ride on Route 1, his old rural route?

If coffee gets much higher, cafe owners will begin splitting a coffee bean in two parts, tying half a grain to a rat's tail and making the rat swim across a pot of boiling water. That's what folks did in Reconstruction Days in the South, following the 'surrender.'

I don't know whether Sadie Thompson brought Gloria Williams out or not, but that's the first time I have seen Gloria since I was at Double Cypress a year or so ago. Gloria, I am happy to say, looks mighty well.

And Sadie herself was not so bad. Just a 'lady of the evening' and a member of woman's oldest profession. I liked everything about it but that 3-D.

Talking about tribulations, have you been keeping up with Sarah Ann Spence in The Family Skeleton via

radio. I try to keep up, but not very successfully.

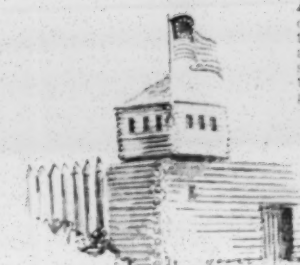

I have our order 'in' for several buckeyes for Bet Horn and me. Hope Eddie Embry don't flicker on us.

They had some sort of ruckus at Holcomb at the basketball game. More folks were at the court house Monday morning than Bilbo ever drew.

Speaking of Holcomb, somebody came in recently and paid up for Brother W. G. Clark.

Don't forget to mark up Marie Patera, a mighty pretty girl who is one of the 'Spurs'.

It's true...

It's true... that beer carries a higher tax load in Mississippi than it does in any other state in the nation. Largely through growing public acceptance of legally regulated beer as the beverage of moderation — beer has become the fifth largest taxpayer in the Magnolia State.

A brewery was the birthplace of the original "star-spangled banner" that waved over Fort Mifflin and over the national anthem. The flag, with 15 stars and 13 stripes, measured 30 by 42 feet and was made together in 1814 on the morning floor of Clark's Brewery in Baltimore.

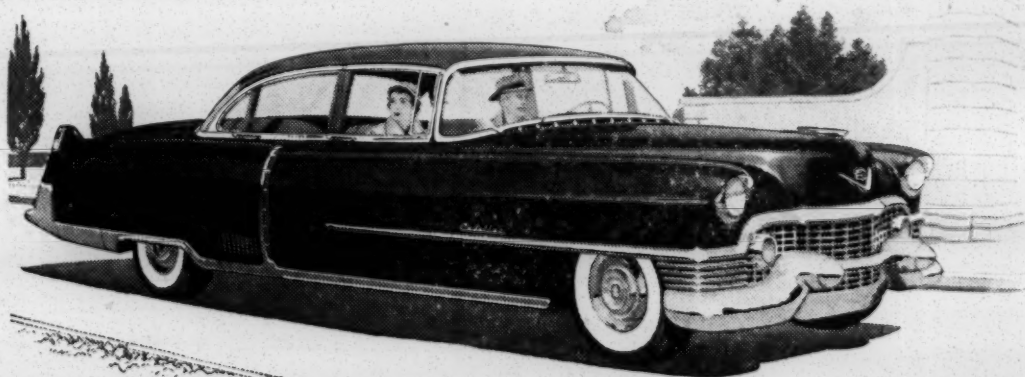

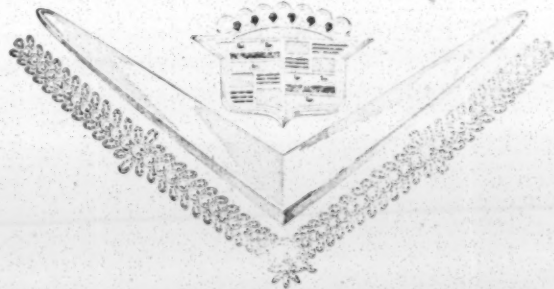

Cattle and poultry feed is enriched with by-products of brewing. After the brewing process, grain, malt, and barley are used as the richest source of B-vitamins, vitamins.

One or more breweries are located in 17 states of the nation. These breweries draw supplies from all 48 states and export to other countries. In the production of beer.

Cadillac

Expect It to Be Copied!

The beautiful new 1954 Cadillac is now in our showroom—and this is an automobile that every American motorist should see... and inspect... and drive!

They should do this, first of all, because it will give them a better understanding of the things by which to judge the world's motor cars. And they should do this, too, because it will give them a revealing glimpse into the future of automotive design.

For it can be said, with the full support of historic precedent, that much of today's Cadillac will find its way into the cars of tomorrow.

Cadillac's sweeping new lines, its new proportions of glass and steel, and its many superlative details of design will unquestionably have a profound influence on automotive stylists the world over.

The new roominess of Cadillac's interiors, the new beauty of its appointments, and the new richness of its fabrics and leathers will give the industry completely new standards of comfort and luxury.

And Cadillac's great new power and responsiveness, its wonderful new handling ease and its

incredible smoothness of operation are certain to serve as engineering guideposts for years to come.

But imitation is one thing—duplication another. And no amount of imitation could ever produce Cadillac's happy combination of brilliant styling, extraordinary luxury and magnificent performance.

Not could it bring to another motor car Cadillac's unprecedented acceptance among the world's motorists... the feeling of pride that comes to the man who sits behind its wheel... or its reputation as the standard of the World.

These are Cadillac "exclusives"—hard won through decades of motor car leadership, and through undeviating adherence to the highest ideals of automotive production.

We repeat—you ought to come in and see the new 1954 Cadillac. For it is Cadillac's annual report to the nation on the progress of American motor car design—and the news has never been so exciting! You'll be most welcome at any time.

Mississippi Power & Light Company Host At Dinner

34 electrical appliance dealers and distributors were guests of Mississippi Power and Light Company Monday, Feb. 15, 1964 at an informal dinner meeting at Grenada City Hall. P. W. Criss announced today.

This annual event was held to outline the Company's sales plan for this coming year to the electrical appliance dealers and distributors from the surrounding area. Dealers were urged to 'Be Modern - Sell Electric' in keeping with the Company's slogan for 1964.

The first speaker on the program, Mr. F. W. Criss told the group to remember over 100,000 residential users of electricity in the Western half of Mississippi are waiting for you to tell them of the benefits of living electrically.

Residential sales plans for working with the appliance dealers in 1964 were outlined by Mr. J. J. Powell, Residential Sales Manager of Jackson. Mr. Powell also revealed plans for a new Television Show, 'The Modern Mrs. Wants The Best', a 26-week program which will begin March 2, 1964 over Station WLBT in Jackson. These programs are designed to demonstrate the convenience, economy, safety and comfort of living electrically.

Mr. Frank G. Smith, Industrial-Commercial Sales Manager, told of the Company's plans for working with the electrical dealers and distributors in the commercial field. He urged them to take advantage of the sales opportunities in this field, especially for plant lighting, commercial cooking and heating.

This is one of a series of meetings being conducted throughout Mississippi Power & Light Company's area on the Company's 1964 sales plan and programs.

Brother O'Brian And Mike Pritchard

Rev. A. L. O'Brian, chaplain at Grenada Hospital has become interested in little Mike Pritchard, with prayers being said that he may be restored to health. He is suffering from Bright's Disease. He often says to his chaplain, Rev. O'Brian, 'Pray for Me.'

Here follows a list of citizens, including his doctors who are praying and contributing for his recovery. Won't you pray for this brave little lad?

Reverends A. L. O'Brian, W. T. Clarke, E. R. Henderson, Harry Kellogg, J. L. Landrum, Felix Sutphin, R. B. Smith, Doctors P. S. Hill, J. K. Avent, Sr., and J. H. Oliver, J. P. Mauney, D. M. Taylor, G. F. Deaton, A. E. Jackson, Sudie Barnett, Enoch Godbold, Rev. J. M. Frye, Archie Mitchell, Allan Mitchell, Mrs. E. S. L., J. D. Dyre, Orman Kimbrough, Mr. and Mrs. J. T. Gum.

Read psalm 103:3.

Many other Grenadians have contributed to the 'Mike Fund' through the committee men Rev. Harry Kellogg and Mr. J. D. Dyre. About \$250 has been contributed early this week.

The Junior Auxiliary of Grenada has contributed one month's supply of medicine for the child.

M. P. L. Co. To Present Lighting Fixture Display

Mississippi Power and Light Company will present a special lighting fixture display at City Hall Auditorium in Grenada the 20th and 21st of February 1964. P. W. Criss, Station Manager, announced this week.

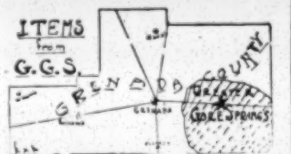

The showing, sponsored by the company in connection with Light's Diamond Jubilee commemorating the 75th anniversary of the electric industry, will be one of the largest fixture displays ever to be presented in Grenada. Nearly all of the lighting fixture distributors and manufacturers have cooperated in making this exhibit possible, Mr. Criss said.

For the first day the display will be devoted to demonstrations of modern store lighting. These meetings will be conducted at 10 a. m., 2 p. m., and 7:30 p. m. and will last 45 minutes.

Demonstrations on the second day will be devoted to proper office and school lighting. Mr. Criss pointed out that this meeting will effectively illustrate the important factors in establishing the best seeing conditions in offices and schools to improve efficiency, lesson errors, improve house keeping and protect eyes.

During the two day meeting Mississippi Power and Light Company engineers will be available to assist in defining lighting needs and planning proper light application.

The public is cordially invited to attend these demonstrations in Grenada.

Lynn Phillips was a guest at a birthday party honoring Betty Rose Middleton in her home Feb. 5th. His name was omitted from the list last week. Sorry, my little friend.

Mr. Guy James is yet a patient in Grenada Hospital. His many friends are happy that his condition is improving and wish for him a complete recovery.

Mrs. Henry James is visiting her sister Mrs. Bennie Searcy in Jackson and her daughters Helen James in Edwards.

Mrs. Tom Cathey and daughter Jeanie of Columbus, Ga. were guests on Friday of Mr. and Mrs. F. E. Gillon and Mrs. Bob Stroud.

Mrs. Gene Trussell of Grenada was a surgery patient in the Baptist Hospital in Jackson early this week. She is the daughter-in-law of Mr. and Mrs. D. M. Trussell.

For the convenience of Alegeons friends, his address is: Pvt. Alegeon Sulton US3210650 Co. M. 15th Infantry, Fort Jackson S. C.

Mrs. Belle James of Grenada was a recent visitor and helper in the Guy James home during illness in that home.

A daughter was born to Mr. and Mrs. Billy Ross James Feb. 10th in Grenada Hospital.

A son, Thomas Gwin was born to Rev. and Mrs. Gwin H. Middleton on Feb. 11th in Bruce Clinic.

Weekend visitors in the J. G. Shaw home were Mr. and Mrs. Jack Rose and daughter, Greenwood and Eleanor Holland of Grenada.

Mr. and Mrs. Calvin Clanton spent the weekend with Mr. and Mrs. Bill Walton in Florida.

Valentine social in her home the night of Feb. 15th.

Pots of blooming spring flowers and red tapers in crystal holders were used as decorations in the reception room. The Valentine motif was again carried out in the red and white curtain concealing the dining room, which had been transformed into a stage.

Upon entering the guests were served lemonade and ritz crackers by Mrs. Tom Gillon.

Each one selected a heart from the heart tree and read their fortune.

A play, 'The First Year is the Hardest' was presented by Mr. and Mrs. Bobby Gillon and assisted by Tom Gillon. Rev. Gwin Middleton spoke on Fruits of the Christian Home.

A refreshment plate of white cake and ice cream topped with cherries and salted pecans in party cups was served by Martha and Barbara Gillon.

Weekend guests of Mr. and Mrs. P. R. McManan were Mr. and Mrs. Reese Griffin and daughter Valleria of McComb; Mr. and Mrs. Henry Lee Collins and Bobby Sykes, Grenada.

Mrs. Clifford Sulton returned home from Grenada Hospital Sunday but was admitted again on Monday.

Mrs. Maurice Phillips received treatment in Grenada Hospital Monday.

JITNEY-JUNGLE RECIPE OF THE WEEK!

CARROTS & ASPARAGUS CASSEROLE

(Mrs. O. R. Lilly)

1 large can (15 oz.) green asparagus
4 or 5 carrots (depending on size)
1 jar Kraft Eoca cheese spread
1/2 bottle Kraft miracle French Dressing

Slice carrots, similar to size of asparagus and boil in salted water until tender.

Moisten cheese with French Dressing. Arrange carrots and asparagus in casserole and cover with cheese mixture. Bake in hot oven for 15 minutes. Buttered bread crumbs on top are optional. Serves 6 or 8.

PLAGUE OF ALL LIVING THINGS

A plague of all living things is infectious disease. Animals, insects, fish, and flowers have their peculiar ailments. No living thing is free from attack. Favored with a high degree of intelligence, man is able to treat disease. That is where we can be of service. We are in a position to supply whatever medicine your physician may prescribe.

BRISTER'S PHARMACY

CARD OF THANKS

We want to thank each and everyone for their comfort and kindness to us during the death of our dear sister, Mrs. O. M. Epperson.

To Bro. Henderson and Brother Kellogg for the sweet services; to Garner Brothers Funeral Home. It was all so sweet the beautiful flowers from here and everywhere. The 8 pallbearers, nephews Walter and Ben Moore, Percy, Kyle and Ed Lamar Horton, James Scrull, Bur Williams, Alton Martin, all of Grenada.

May God bless each and everyone.

—Brother and sisters.

Mrs. F. C. McCluskey, Mrs. T. A. Horton, Miss Laura Mitchell of Grenada; Mr. R. E. Mitchell of Calhoun City; Mrs. J. P. Burns of Oklahoma City, Okla.
